Health & Dental	\$1.87	\$2.62	+39.7%

For smaller budgets every dollar counts. The Triple Threat automated platform is built to run effective, long-tail Google Ad campaigns for small businesses, with limited budgets, to deliver “Improved Results”.

We focus on long-tail, intention based keywords, omitting broad or negative keywords that can result in unqualified, costly traffic. Our bid management system spends budgets evenly over the month, and caps bids to ensure small businesses don't overspend on low-return expensive keywords.

The Result: 113% More Engaged Qualified Visitors for the same budget
